NAB New Product From Marshall Electronics NAB Booth # SU11614

New 19 inch multi format LCD monitor for NAB 2004

Las Vegas April 19, 2004: Marshall Electronics will introduce their new high resolution 3.9 million pixel (1280W x 1024H dot), 19 inch LCD rack mount monitor, model **V-R191P-SDI** (MSRP \$3995.00). With 16.7 colors, CRT style viewing angles and a bright 450-cd/m^2 luminance display, the V-R191P-SDI is a perfect solution for broadcast, production and multimedia applications. The rich feature set includes direct access controls and selections, plus multi-format input capability for SDI, composite, Y/C, and scalable WXGA in a single compact and lightweight package.(8SRU, 13 lbs.) A unique capability of this model is a cost saving composite signal output using a built in digital to 10-bit analog converter plus three individual tally lamps. The unit can display 16:9 or 4:3 images and is also HD ready for 720P or 1080i viewing with an optional HDSDI adapter (BC-0909-DA).
